

Hull Women's Aid Children's Services

*I couldn't stop worrying
about the violence at
home between my mum
and her boyfriend*

*I was told by my family to
Keep it secret, but it got too much,
Talking it through helped.*

**Support for young people
Who have been affected
By domestic
violence.**

**What is
domestic violence??**

**Who are
H.W.A?**

Sometimes one person hurts or bullies another person. This is called abuse. Domestic violence can happen between two people in a family or two people who are in a relationship.

Usually men are the abusers and women are the victims (the ones who hurt), but sometimes this can happen to men too.

Domestic violence doesn't always have to be physical; it can also include emotional abuse, financial abuse and sexual abuse.

Some adults often think that children and young people are not affected by domestic violence, but you probably know this isn't true.

Children need;

- Someone to talk to
- Someone who will listen
- Someone to help
 - Someone to give advice
 - Someone to trust
 - Someone to befriend them

We support young people aged 0-19 who are affected by domestic violence. This could be domestic violence in your own home or family, or in your own relationship.

We can offer;

- One to one emotional and educational support
- Opportunities for group and family activities
- Outreach support
- Self esteem building
- Group participation
- Activities and outings during school holidays
- Support on how to reduce risks and stay safe.

Contact us on...
01482 475112

Or if you prefer, you could get someone else to call –
A friend, someone in your family, or someone from your school.

**If you are an adult wanting support
For a young person affected**

- Please talk to the young person about the service before contacting us, and check that they want a service from us.
- Make sure they think that domestic violence is an issue for them.
- Call us on **01482 475112** and give us details about the young person who wants to see us.
